

Re: Excaliburs Meet Reminders

Date: 05/10/2018

Good morning! We have attached the relay assignments for this Saturday's Excaliburs Meet. If you have requested a relay and your name is not on this sheet it means that either there were too few athletes interested in a relay in your child's age group or we did not have enough interest to form a second team. Relay placement was first come first served in terms of the time the relay interest was emailed to us. Our next meet is the Johnston Relay Meet so everyone will get a chance to run relays at that meet!

For those new to the club, we will set up a tent around the perimeter of the track that serves as the team camp. Athletes are welcome to bring chairs, coolers, frisbees, etc. to our tent. Please note that supervision is the responsibility of the parents at all times. There are concessions at most meets but most families choose to bring a small cooler with snacks and drinks. Please ask your athlete not to take food or drinks out of other's coolers without permission.

And finally, if you have not registered for the meet you must do so today! The meet organizers have kept the registration system open through today but have notified us that they will not allow late or race day registrations under any circumstances. Due to the pre-registration requirement, this meet will likely go faster than in past years. If you have chosen to either long jump or throw you must be checked into your event by 9am. Running events should begin promptly at 10am.

Please email us with any questions! We look forward to seeing you Saturday!
